Serial Nos 1-4

Part B for December 1913

SUBJECT

Compensation to the Madras University for recognising the Scheme for the Award of the Secondary School Leaving Certificate

---

Sl From the Inspector General of Education
No 4849/713 8-23/10/13 Submits a copy of the Madras University Registrar's letter of the 7th Oct 1913 re the amount of Compensation to be paid to the University on account of its loss of income due to the recognition of the Nyasaland Secondary School Leaving Certificate Scheme and of the rule proposed to be sent to the Registrar

G R S 38

GPB—4 000—4 7 11

Sl 2 To the Director of Education 5302 dt 4/11/13 Enquires how under the Circular amount stated the Mysore Govt can claim rebate at Rs 4-0-10 per candidate in the case of those who might appear for the matriculation Examination of 1913 & future years

Sl 3 From the Inspector General of Education no 5753/3/2 dt 13/11/13 States that the rate of profit for each candidate fixed by the Madras University viz Rs 4-0-10 is too high for Mysore which used to send up a comparatively small number of candidates and that consequently a uniform rate of calculation was adopted both for the loss of profit to be reimbursed to the University and the rebate to be claimed by the Mysore Govt and adds that if the Govt Consider that the principle adopted by the University should be accepted the compensation payable to the University is Rs 1710-11-10 or 1700 in round numbers

Sl 4. To the Director dt 17/12/13 Informs what amount of Compensation payable annually to the University is reasonable & states that he may send a reply to the Registrar of the University accordingly

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 4845 ---- Enc 1 / 711

Bangalore 23rd October *1913*

From

M SHAMA RAO Esq M A
Inspector General of Education in Mysore

To

W H James Esq B Sc
Ag Registrar University of Madras
Madras

SIR

With reference to your letter No 4591 dated the 7th instant fixing a sum of Rs 2115-3-0 as the sum payable by the Government of Mysore annually to the University of Madras on account of the University's reasonable loss of income due to its acceptance of the Secondary School Leaving Certificate Scheme introduced by the Government of Mysore I have the honour to inform you that the rate of profit calculated for each candidate of the Matriculation Examination for the whole University would be excessive if applied to the case of Mysore which used to send a comparatively small number of students Secondly the numbers of registered candidates from Mysore given in statement B appended to your letter do not exclude those from the Civil and Military Station Bangalore which is outside the jurisdiction

jurisdiction of the State If these numbers are excluded the sum payable by the Mysore Government even according to the rate fixed by the University will be Rs 1839-10-4 From this amount a further deduction has to be made on account of the fees paid by candidates ffom the aided High Schools of the State who have continued to send up candidates for the Madras Matriculation Examination The number of candidates that appeared from the aided High Schools for the Matriculation Examination of April last being 103 the average number for purposes of the present calculation is taken to be approximately 75 This number multiplied by the rate fixed by the University will show a deduction of Rs 303-14-6 The net sum payable to the University will thus be Rs 1535-11-10 or say Rs 1500/- which is the amount provided by the Mysore Government for payment this year to the University on account of the loss caused by the introduction of the Secondary School Leaving Certificate Scheme in the Mysore State

A statement shewing the calculations arrived at is enclosed

I have the honour to be

Sir

Your most obedient servant

Inspector General

Letter No 4591 dated 7th October 1913 from the Registrar University of Madras to the Inspector General of Education in Mysore

---

With reference to correspondence ending with my letter No 3376 dated 7th September 1912 relating to the acceptance by the Syndicate under Regulation 166(a) of the Scheme for the issue of Secnndary School-leaving Certificates under the authority of your Government and in particular to the question of the compensation to the University for its loss of income consequent upon such acceptance I have the honour to inform you that the Government of Madras has adopted the following principles in estimating the amount due to the University in respect of its loss of income due to the School-leaving Certificate Scheme now in operation in the Presidency

2 The estimated average profit per candidate for the Matriculation Examination for the years 1904 to 1909 (excluding the abnormal year 1908 in which there was a re-examination) has been calculated on the statistics of that quinquennium to be Rs 4-0-10 This sum has been multiplied by the average number of school candidates from the Presidency during the same period (5 968) showing a total loss of profit of Rs 24 182-13-4 From this total loss of profit a rebate of Rs 256-1-6 has been deducted being the actual profit made by the University in the examination of 1911 on the candidates from the Madras Presidency (149 candidates - average profit per candidate Re 1-11-6) leaving a balance of Rs 23 926-11-10 or in round figures Rs 24 000/- This latter sum has already been paid to the University in respect of the examination of 1911 and has been fixed as the annual amount payable by the Government of Madras to the University (possible variations in the amount of the rebate from year to year are apparently ignored as being probably so small as to be negligible) subject to the condition that it will be reduced if the profit to the Government on account of the Secondary School-leaving Certificate Examination falls short of this amount in any year

3 I am directed by the Syndicate to request that the Government

of Mysore will be pleased to accept the principles illustrated above as an equitable basis for calculating the annual amount due from that Government to the University Statement A enclosed herewith shows the estimated profit for the Matriculation Examinations 1904-05-06-07-09 Statement B Shows the average number of candidates from the State of Mysore during the same period Statement C shows the profit per candidates for the Matriculation Examination 1911

4 If the above principles of calculation are adopted, the annual amount due from the State of Mysore is shown to be as follows -

Average profit (Rs 4-0-10) multiplied by average number of candidates from the State during 1904-1909 excluding 1908(522)	Rs 2 115-3-0

5 I have the honour to request that the Government of Mysore will pay to the University annually the sum of Rs 2 115-3-0, being the amount of the latter's reasonable loss of income due to its acceptance of the Secondary School-leaving Certificate Scheme introduced by the Government of Mysore subject to necessary reduction should be the profit derived from that Scheme amount in any year to less than the sum above mentioned

---

With reference to your letter No 4849/713-A, dtd 23rd October 1913 forwarding for approval a Reply proposed to be sent to the Registrar of the Madras University accepting the payment of compensation of Rs 1500 to the University on account of the loss of income due to the acceptance of the Higher Secondary School Leaving Certificate Scheme

over

Compensation on account of the average number of candidates for the Matriculation Examn from the Mofussil viz 454 at Rs 4-0-10 each — Rs as fs 1839-10 4

Deduct Rebate on account of 75 candidates who might appear for Matriculation Examn at Rs 4-1-10 — 303-11-6

Net Compensation 1535-11-10

or Rs 1500-0-0

SUBJECT

As noted previously

11

against a sum of
~~instead of~~ Rs 2-15-3-0 demanded
by the University I am directed
to observe that the University
has calculated the profit from
each Candidate for the Matri-
culation Examn of 1911 at only
Rs 1-11-6. ~~and that~~ and that
the Rebate allowed to the
Madras Govt on account of
Candidates appearing for
the Matric Examn after the
introduction of the School
Final Scheme in the Madras
Presidency is based only
on the profit and not on the
original profit of Rs 4-0-10
per Candidate. In this Cir
Cumstances I am to enquire
how the Impose Govt Can
claim Rebate at Rs 4-0-10
per Candidate in the case of
those who might appear for the
~~last~~ Matric Culation Examn
of 1913 and future years At very
early date reply is requested I have etc
